Bear's Love?

Daddy's Love?

Daddy, I Love You!

Hello? Mummy?

Mummy will always be there for you

A picture paints a thousand words...

It immortalizes life's defining moments and celebrates the joys of parenthood. The first toothy smile, that first uncertain step, the curious hands reaching for something unfamiliar, and a face lit up with the wonderment of discovery. These are life's special moments worth cherishing.

Over The Moon Foto offers specialized photography services to help you capture these defining moments with your loved ones. In the comfort of your home, surrounded by the things and people that he loves, your child will be photographed at his best. With our portable studio lights, backdrops and lighting effects, we are able to customize our services to your needs. All at an affordable price.
